A love for Autumn reflections

On a crisp autumn day, the earthy scent of fallen leaves and the chill on your nose remind us of nature's quiet transformations. There's a certain beauty in the changing seasons, even as they reflect life's own unpredictable shifts. Embracing change isn't always easy – it can be overwhelming and shake our world. But when we're surrounded by calmness and the love of those who stand with us, the small, hesitant steps into the unknown can lead to unexpected strength. Through our life journeys, we may find wisdom, new friendships and a new love of self.

For us at House of Christine, 2025 has marked the start of something new – a fine continuation of the journey we've been on for two decades.

For 20 years we've strived to make high-quality, unique and fashionable headwear for all our friends, we've done this with passion for what we truly believe in and with determination to give you the best possible hair alternative.

Our dream and vision have always been to make our beautiful headwear available to women all over the world and for this to come true, we've had to go new ways and make new friends and partners along the way.

We are still us - your favorite headwear team - and we still strive to provide you with a community where you feel safe, understood and where you find strength to embark on your new hair loss journey.

Thank you for your continued trust, dear friend, and for letting us stand beside you in a time when your life is entering a new era too.

Only the best is good enough for the beautiful you.

Bamboo Collection

CHRISTINE HEADWEAR

The bamboo-viscose products from Christine Headwear are made in the unique and functional Caretech® Bamboo quality.

Bamboo-viscose fabric has many fantastic features and the soft and comfortable quality is actually used to form the largest part of the Christine Headwear product range.

The Caretech® Bamboo is supremely soft, silky and luxurious to the touch.

It is breathable and thermo-regulating so you remain comfortable and dry during both summer and winter temperatures. The fabric is more moisture absorbent than cotton and quickly removes the moisture from the skin and releases it.

Further, the special Caretech® Bamboo products are extremely gentle to wear and highly suitable to use against sensitive skin.

Soft Lift Hat

CHRISTINE HEADWEAR

The Soft Lift Hat from Christine Headwear is a revolutionary design protected headwear piece, which will provide the perfect fit and lift under your wigs and headwear.

A small hat that will make a big difference to the look and feel of your head coverings, as it gently lifts and adds a fine, natural volume to the back of the head.

The soft, breathable and light 37.5® fabric material will ensure you stay comfortable as it helps the covered area maintain an optimal 37.5-degree temperature - regardless of how you choose to cover it.

To make this clever little lift, a light mesh pad has been insertet under a soft top layer. This will add a beautiful rounded shape to the back of your head whilst leaving you comfortable, feeling nothing but carefully and gently protected.

The results are nothing but fantastic and you'll find your headwear and wigs will get a brand new, fine and elegant look to it.

37.5® TECHNOLOGY

Comfort in clothing is dictated by our temperature and the humidity next to our skin, known as our microclimate. When our microclimate balances at 37.5% relative humidity and our core temperature balances at 37.5 degrees, we are in the optimal comfort zone.

37.5® Technology headwear and clothing helps control the core temperature by accelerating the movement of moisture vapour before it can turn to liquid sweat.

If we get warm and damp, the 37.5® products will dry faster – up to 5 times faster than a similar product without 37.5® Technology. And, when moisture is removed from our headwear and clothing, we stay warmer when it's cold and cooler when it's warm.

The active particles used in 37.5® are derived from natural sources such as coconut shells and volcanic minerals. A combination of these special sources and the product features makes this a rather unique and intelligent headwear line.

Find further information about product care and safety on our website.

The Christine Headwear bamboo and Supima fabrics are all labeled with a Caretech® tag.

Caretech® is your assurance that the headwear made from these specific fabrics are not only CE and Standard 100 by Oeko-Tex certified, but also developed and produced especially for the Christine Headwear collections. Caretech® because we believe in providing a high quality, exclusive and conscious headwear collection, for the beautiful you.

We recommend handwashing your new headwear and laying it flat to dry. Do not tumble dry.

Thank you friends!
A heartfelt thank you to our friends at Højhuset, Herning for their kind hospitality, lovely food and warm welcome.
Thank you Jan Henrik for the wonderful experience we had shooting our pictures in your stunning house.
And to The Norrmans - your place was one we didn't want to leave, such a special place.
Thank you also to our dear clothing-friends from Karen By Simonsen and Minus.
